Multi-Tap Extension Cord

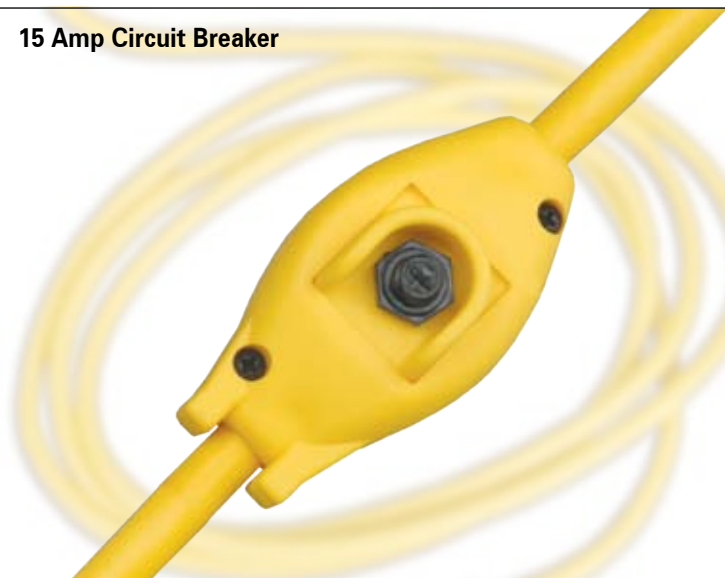

{ 5000-3103 }

{ features }

- The 50' 12/3 cord is rated for up to a total of 15 amps.
- Choose the premium grade cold weather rated SJEOW cord or the SJTW cord for its lower price!
- A total of 5 outlets spaced every 10' provide power where it is needed.
- Connected Drip Guard™ cover protects the outlet from dirt and debris.
- The Power Pod™ housing is available with mounting wings to hang the cord using a nail or a nylon tie.

15 Amp Circuit Breaker

- Our heavy-duty cord winder provided with all Multi-Tap Extension Cords™ helps provide neat, orderly storage of the cord set. ↗

- The optional UL listed GFCI plug protects the user from shock and comes with "test" and "reset" buttons ↗

Optional GFCI Plug

- Every unit comes standard with a 15-amp circuit breaker protected in our Power Pod™ housing located 12" from the plug. ↖

- The premium SJEOW cord set has a lighted end outlet to ensure the power is on. ↗

Lighted End Outlet
