SAFTLITE™

TRIED AND TRUE

SINCE 1962

Established in 1962, General Manufacturing was the first company to offer portable fluorescent lighting to the automotive aftermarket. This new and advanced lamp had all the electrical components inside the light fixture and was protected by a hard outer tube and soft end caps. The cool operating design compelled a brand name that indicated newfound safety: Saf-T-Lite®.

Saf-T-Lite now offers a complete line of portable LED work lights, machine lights, hazardous location lights and cordless LED lights. In addition to lighting, Saf-T-Lite offers a full range of power supply reels, including integrated circuit breakers and GFCI outlets.

Saf-T-Lite. Where unmatched safety meets convenience.

FOREVER WARRANTY™

We believe in the design of our products and the people who build them. Because of this, General Manufacturing offers a Forever Warranty when you purchase any Saf-T-Lite product.

If our product fails to perform due to defect or workmanship, General Manufacturing will repair or replace (company option) the item at no charge to you. Simply return the product to General Manufacturing with our prepaid shipping label and if the product is defective, it will be serviced and returned at no charge. Abuse or modifications will void the warranty. Due to limited-service life, rechargeable batteries have a one-year warranty.

ZIP SHIP

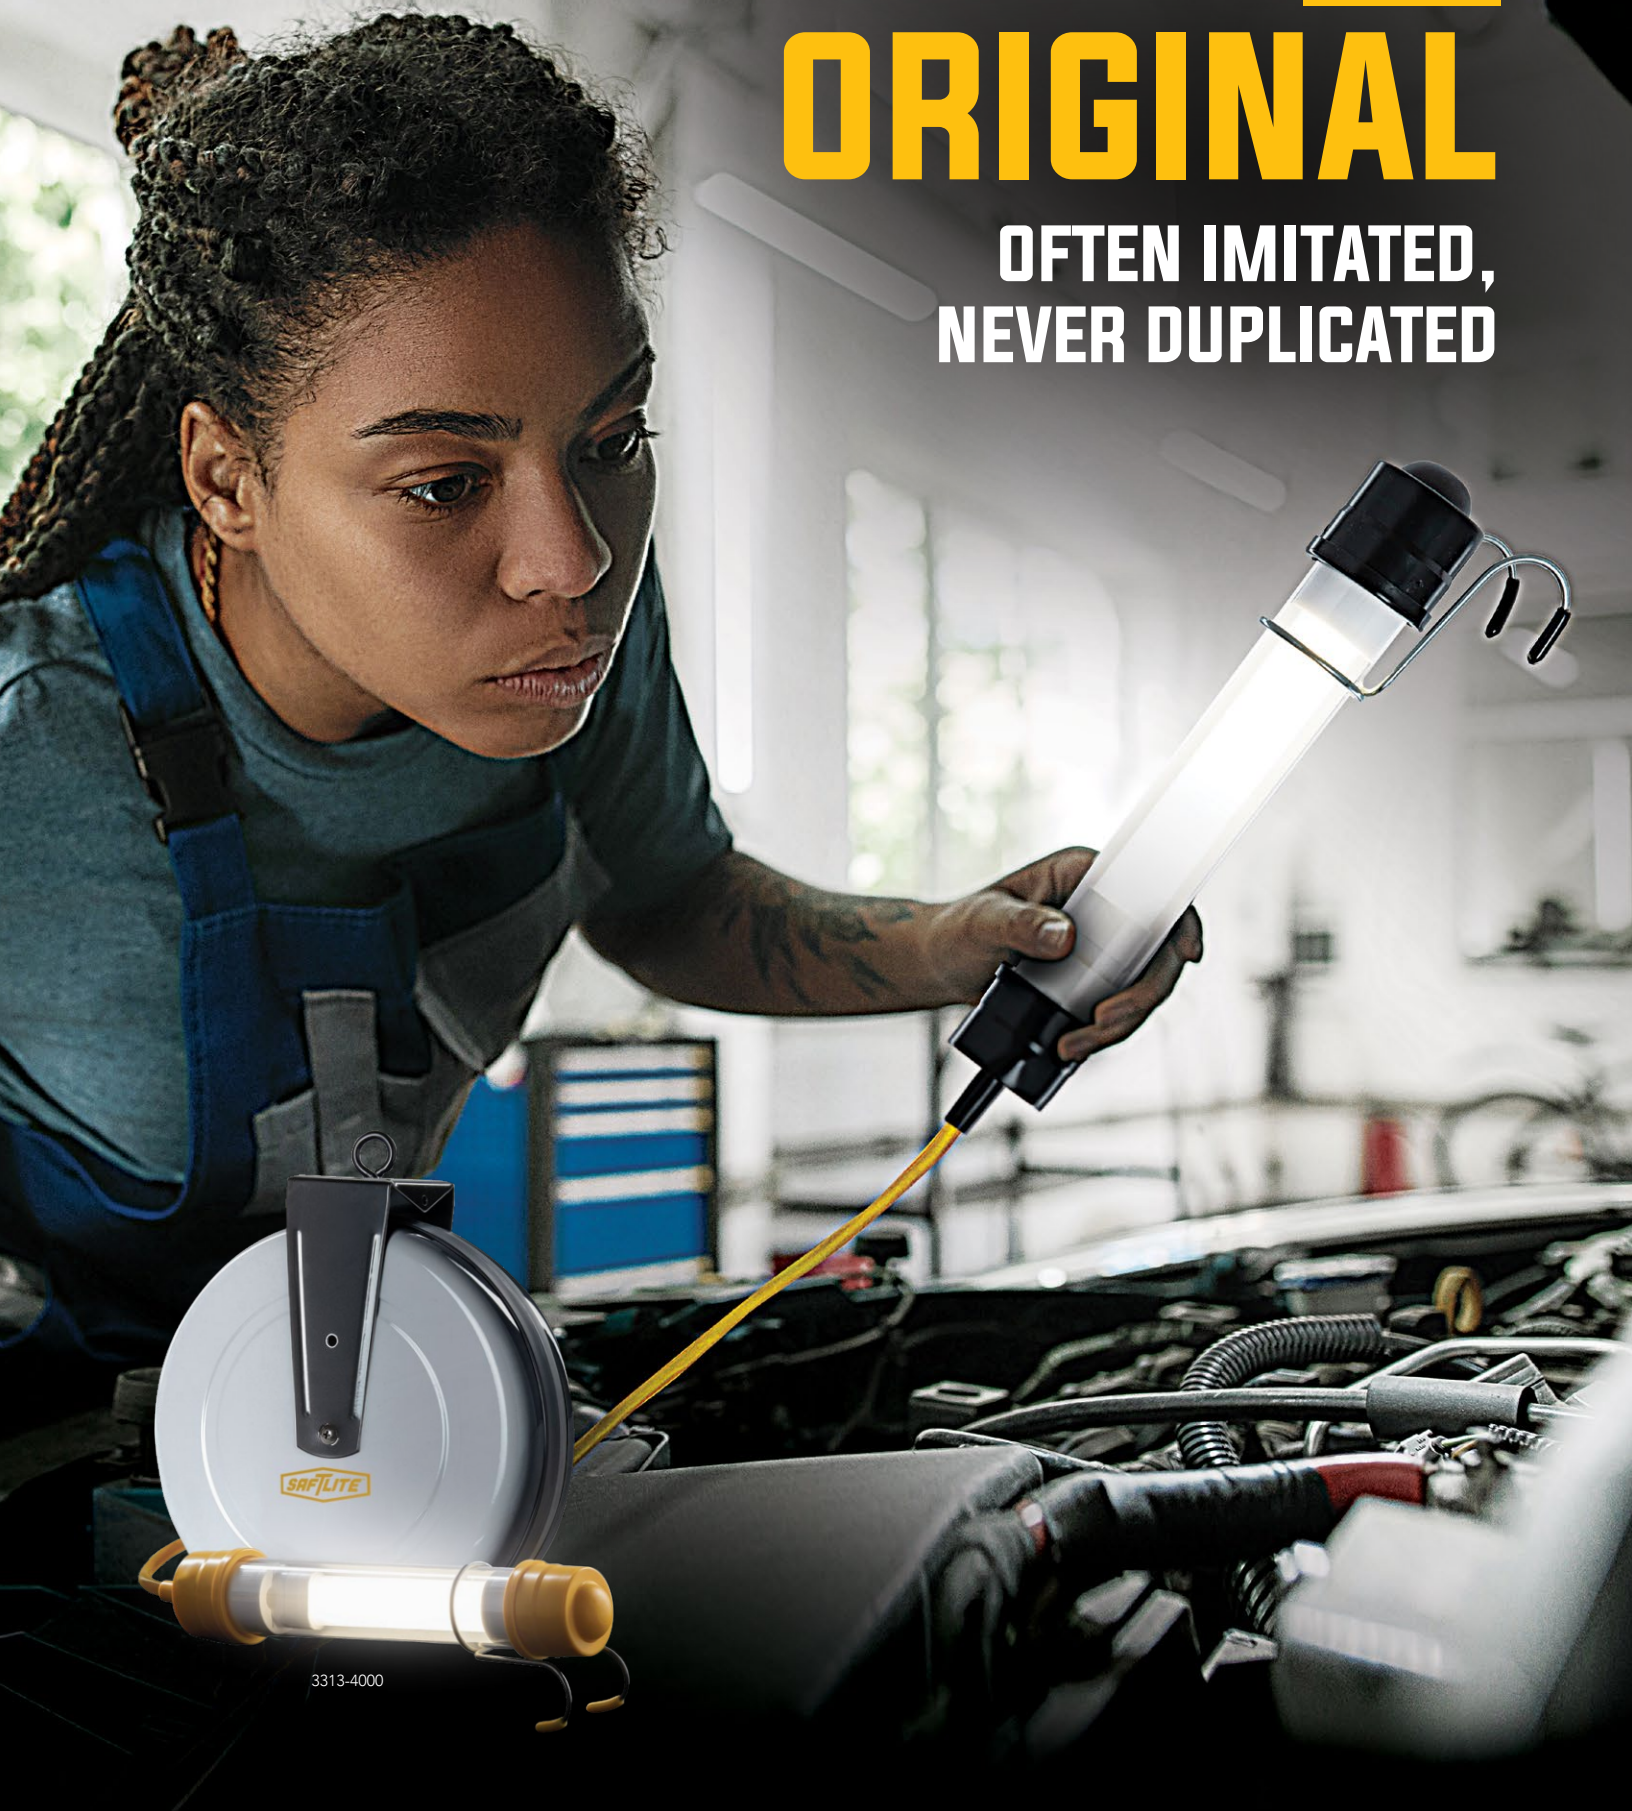

All items in this catalog **SHIP IN 24 HOURS OR LESS**. The Zip Ship program is our way of delivering on our promise of customer service and pain-free shipping with no inventory to carry.

SMALL YET MIGHTY

3 LIGHTS IN 1

STUB™

The Stub is a small compact work light that fits comfortably in your pocket. It's loaded with awesome features like a UV leak detection light, two magnetic points for hands free work and a bright wide-angle work light. Take the Stub camping, hunting or while you're working on the car in the garage. There isn't a job too big or small for the Stub.

LUMENS: 250 work light, 70 inspection light
RUN TIME: 8 hours

- > UV leak detection
- > Strong aluminum body
- > Magnetic base
- > Strong belt clip with integrated magnet
- > Comes with wall charger and mini USB cord
- > 6 pack counter top display

SAF-T-LOK™

COMMERCIAL POWER SUPPLY REELS

This 9" diameter commercial power supply reel is perfect for any facility where the typical "trip hazard" extension cord is frowned upon. Mounting bracket and hardware are included for easy set up. There are many cord lengths and outlet options available to help you get the job done.

CAPACITY: 7 - 10 AMP

CORD: 30' - 50'

- > Mounting hardware included
- > 9" diameter steel construction
- > Triple outlet with circuit breaker available
- > Saf-T-Lok outlet available

MODEL NUMBER	OUTLET TYPE	AMP RATING	GAUGE	CORD TYPE	CORD LENGTH	CORD COLOR	CASE QUANTITY
2630-1000	Single	10	16/3	SJT	30'	Yellow	4
2630-3000	Triple	10	16/3	SJT	30'	Yellow	4
2630-3019	Triple	10	16/3	SJT	30'	White	4
2650-1000	Single	7	18/3	SVT	50'	Yellow	4

2200-3000

MIDSIZE POWER SUPPLY REELS

Midsized power supply reels deliver power where you need it. Mount them on the ceiling, wall or work bench. Remove the locking pin and take it with you. There are several outlet options to choose from: triple or quad tap outlet with circuit breaker and our Saf-T-Lok outlet.

CAPACITY: 15 AMP
CORD: 40' - 65'

- > Triple outlet and quad outlet have overload protection
- > Poly blended plastic is extremely durable
- > Saf-T-Lok outlet available

MODEL NUMBER	OUTLET TYPE	AMP RATING	GAUGE	CORD TYPE	CORD LENGTH	CORD COLOR	CASE QUANTITY

SERIES 4000 POWER SUPPLY

Saf-T-Lite Series 4000 power supply reel offers many of the same capabilities as our Series 5505 power supply reel but at a much smaller profile. With cord lengths up to 50' and several outlet options, our Series 4000 power supply reel is designed to take the hard, everyday use that any industry throws at it.

CAPACITY: 13 - 20 AMP
CORD: 40' - 50'

- > Single, duplex with GFCI and Saf-T-Lok outlets available
- > 16/3 - 12/3 gauge cord options
- > Adjustable guide arm for ceiling, wall or bench mount

MODEL NUMBER	OUTLET TYPE	AMP RATING	GAUGE	CORD TYPE	CORD LENGTH	CORD COLOR	CASE QUANTITY
4040-3203	Saf-T-Lok™	15	12/3	SJTOW	40'	Black	1

SERIES 5505 POWER SUPPLY

If you need a heavy duty power supply reel that can handle anything and everything, the Series 5505 is the one for you. Just a few of its many perks: cord length options ranging up to 70', 20 AMP capacity and an industrial collector ring.

CAPACITY: 15 - 20 AMP
CORD: 50' - 70'

- > Single, duplex with GFCI and Saf-T-Lok outlets available
- > 16/3 - 12/3 gauge cord options
- > Adjustable guide arm for ceiling, wall or bench mount

MODEL NUMBER	OUTLET TYPE	AMP RATING	GAUGE	CORD TYPE	CORD LENGTH	CORD COLOR	CASE QUANTITY
4550-5101	Duplex GFCI	20	12/3	SJTOW	50'	Black	1
